Intake Assessment (Includes Standardized Assessment of Articulation Accuracy)

- **SS ≤ 10\textsuperscript{th} %ile**
  - YES: DPD (delay or disorder profile)
  - NO: Residual Errors

- **10\textsuperscript{th} > SS ≤ 16\textsuperscript{th} %ile**
  - YES: DPD w/ Participation Restrictions
  - NO: Other Risk Factors

- **SS > 16\textsuperscript{th} %ile**
  - YES: Consider Monitoring Academic Progress
  - NO: DISCHARGE

Figure 8–1. Flow chart to facilitate treatment recommendations. SS = standard score (on a standardized measure of articulation accuracy; DPD = developmental phonological disorder. Predictive assessment protocol described in text and in Smit et al. (1990). See text for application guidelines with case examples.
